

CWS BLANKETS CHILDREN'S SERMON

Sharing God's Love with Others

Hi friends!

Jesus once said something really important. He said, ***"I was cold and you gave me warmth. I was a stranger and you welcomed me. Whatever you did for one of the least of these, you did it for me."***

That means when we help someone in need, it's like we're helping Jesus himself!

Today, we're talking about **blankets**. Have you ever been really cold and then wrapped up in a warm, soft blanket? It feels like a big hug, doesn't it?

Some families around the world don't have blankets—especially during storms or when they've had to leave their homes. That's why our church is part of **CWS Blankets**. When we give to this mission, we're sending real blankets to people who need warmth, comfort and love.

And guess what? **You can be part of this mission, too!**

What are some things you can share with others to show kindness? *(Let children share their ideas—snacks, toys, time, a smile, etc.)*

You can also help by:

- Putting change or dollars in the blanket offering.
- Drawing a picture or writing a kind note to someone who needs hope.
- Sharing with others—maybe a toy, a snack or even your time with someone who feels left out at school.

Little acts of kindness can make a big difference. And you can help to blanket the world in love.

Let's pray together.

Dear God,

Thank you for warm blankets, loving families and a church that cares.

Help us to see others who need kindness and find ways to share.

Even when we're small, our love can be big.

Help us to blanket the world in love—just like Jesus would.

Amen.
